## GLOBAL REFLECTIONS

At Henry Schein, we believe that an important part of “helping health happen” is protecting the health of our planet. Our headquarters in Melville, New York has achieved LEED certification and continues to support programs to reduce our environmental footprint. In our United States distribution centers, we have reduced carbon emissions by over 5,000 metric tons through extensive recycling programs, along with our transportation partners who participate in the EPA’s “Smart Way” program. Henry Schein Cares has also continued to support green initiatives with the American Association of Dental Office Managers (AADOM).

## **HEALTHY LIFESTYLES, HEALTHY COMMUNITIES**

Recognizing that access to care is essential to community wellness, Henry Schein Cares facilitates programs including Healthy Lifestyles, Healthy Communities, the Health Kit Outreach Program and the Global Product Donation Program. Each program enables health professionals to make a difference to at-risk and vulnerable populations in the U.S. and globally through in-kind support from Henry Schein and our Team Schein Members. Together, we are helping health happen.

## **THINK PINK AND BEYOND**

Henry Schein, along with our business partners, work to raise awareness surrounding cancer issues and initiatives. We have recently completed our five-year commitment to the Welcome Center at Hope Lodge in New York City and continue to work with Hope Lodge by providing specially designed Welcome Kits for cancer patients and their loved ones. In 2013, Henry Schein also partnered with Cohen's Children's Medical Center of North Shore-LIJ and Stony Brook Children's Hospital to facilitate care and comfort for children living with cancer.

*Together, We're Helping Health Happen*

# Henry Schein's Four Pillars of Corporate Social Responsibility

Henry Schein founded the Company in 1932 based on the belief that we can fulfill our responsibilities as a corporate citizen by giving back to the industries and communities we serve. Ever since then, we have pursued the ideal of doing well by doing good.

In the service of society, we have contributed from our extensive inventory of health care products and applied our logistical expertise to broaden access to health care. We have partnered with our customers and suppliers to participate in this effort. And, in the process, we have helped millions of people receive care they otherwise would have gone without.

As a result, Henry Schein has frequently ranked first in our industry for social responsibility on FORTUNE's list of the World's Most Admired Companies. Henry Schein was also named to Ethisphere's list of the World's Most Ethical Companies.

## ***Access to Health Care***

We seek to "help health happen" by expanding access to care for at-risk and underserved populations globally through our focus on three areas: wellness, prevention, and treatment; emergency preparedness and relief; and building capacity in the training of professionals and the delivery of health care services.

## ***Engaging Team Schein Members***

Team Schein Members volunteer thousands of personal hours for charity work annually, working alongside customers and suppliers. We invest in our people to help them reach their fullest potential through our emphasis on wellness, training, diversity, and respect for the dignity of the individual.

## ***Promoting Environmental Sustainability***

We believe in protecting the health of our planet, and we embrace environmental stewardship through recycling and smarter energy use to decrease the kilowatt-hours per carton at distribution centers, and through many other internal initiatives.

## ***Ensuring Accountability***

We extend ethical business practices to all levels within Henry Schein through our commitment to the highest standards of corporate governance and compliance. Our Worldwide Business Standards define the values and responsibilities that apply to everyone employed by Henry Schein, Inc., and we expect everyone with whom we do business to adhere to those same values.
