

Limit uncertainty with Integra™ Miltex® Silicone Coated Blades which provide a smooth, sharp edge for a precise incision while, at the same time, requiring less force.

The addition of silicone coating offers a significant improvement and smoother surgical incision performance when compared to traditional standard carbon or stainless steel blades.

- Each blade is packaged in a foil peel pack
- Blades are sterile, single-use with a 5-year shelf life
- Dispensing box of 100 blades
