

compact®

Compact® Stainless Steel Dispenser Line

An ever-growing number of eco-sensitive companies are embracing our Compact® dispensers and coreless tissue systems to help reduce their environmental footprint. This innovative line of dispensers is also saving them time and money by helping minimize roll changes and storage costs, all while enhancing the image of their establishment.

Multiple formats

Compact® dispensers are available in two roll vertical, two roll side-by-side and a four roll dispenser format to accommodate the multiple needs of any facility.

New stainless steel Compact Quad® and side-by-side

The ultimate tissue dispensers for high traffic areas and class A office buildings are now available in high quality stainless steel.

Perfect companions

Combine Compact® stainless tissue dispensers with the stainless enMotion® towel and soap dispensers for a high-end cohesive look.

Easily installed

Mounts on all washroom surfaces in minutes. Mounting holes for Compact Quad® and side-by-side dispensers are identical to current offering making swap out easy.

Helps reduce waste

Our coreless tissue products eliminate 95-percent of the packaging waste associated with Georgia-Pacific's standard bath tissue.

Operationally efficient, high quality that helps enhance image

Environmental Facts

**One Case of Waste—
Compact vs. Standard Roll
Bath Tissue**

Helps reduce waste

Removing roll cores, cardboard shipping boxes and individual product wrapping helps eliminate as much as 7.8 lbs of waste when compared to using a case of Georgia-Pacific standard roll bath tissue. Compact® tissue will also help cut your storage requirements by up to 50 percent by eliminating bulky cardboard packaging.

Near 100% utilization

Reduces and can help eliminate stub roll waste through dispensing solutions that require complete roll usage

Meets EPA guidelines

Our coreless tissue meets EPA guidelines for post-consumer fiber content
