

Henry Schein Brand Cryotherapy Sampling

Both the Henry Schein Brand Cryotherapy V-Type & H-Type products were designed to make conversion easy for you and seamless to the customer.

- The ingredients are identical to their respective competitive brands
- The packaging and canisters are similar to their respective competitive brands

Moreover, the Henry Schein Brand has noticeable improvements like greater canister volume so that you can provide a superior cryotherapy solution.

Finally, the Henry Schein 100% Satisfaction Guarantee makes conversion risk free for your customers.

Although product demos should not be necessary, if a customer needs to see the product before purchasing, contact your local MTMC Sales Representative who has demonstration kits and will assist you in product conversion.
