

HENRY SCHEIN'S FOUR ENVIRONMENTAL FOCUS AREAS

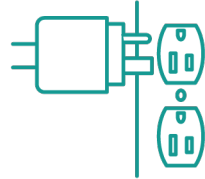

Based on our ability to maximize impact, we focus principally on four environmental areas:

CLIMATE IMPACT MITIGATION

Mitigating our impact on climate and addressing climate risks and opportunities for our business

RESOURCE EFFICIENCY

Smart and efficient use of electricity, fuel, refrigerants, water, and raw materials

CIRCULARITY IN OPERATIONS

Striving for circularity in our operations and continually reducing waste, recycling, and reusing materials

SUPPLY CHAIN ACTION

Driving action and innovation in the supply chain together with partners and suppliers
