

**Jonathan Koch**  
**Senior Vice President and Chief Executive Officer, Global Dental Group, Henry Schein**

Mr. Koch is Senior Vice President and Chief Executive Officer of Henry Schein's Global Dental Group. He is responsible for overall leadership of the Global Dental Group, including strategic direction, management, and business performance as well as sales, marketing, operations, business development, and technology solutions. He is also a member of the Company's Executive Management Committee.

Mr. Koch brings to Henry Schein a significant track record in leading high-performing and high-profit teams and transforming businesses as company and industry dynamics redefine success. Before joining Henry Schein, he was a senior executive at LabCorp, the world's leading health care diagnostics company. Most recently, he served as Executive Vice President and Group President of Covance Clinical Development & Commercialization Services, leading more than 11,000 employees in over 60 countries. Prior to that, Mr. Koch was Executive Vice President and Group President of Covance Research and Development Laboratories, where he developed and executed business growth strategies with oversight for 6,000 employees globally. In this role, he successfully integrated numerous businesses and locations globally while increasing employee retention, delivering record new business, and expanding margins.

Prior to Covance, Mr. Koch spent nine years with Charles River Laboratories in various roles of increasing responsibility and scope, ranging from functions such as finance, contracts, proposal development to operating groups that included project management, clinical monitoring, and medical affairs.

Mr. Koch holds a Bachelor of Science degree in Business Administration and Finance, as well as a Master of Business Administration, Finance, and Management degree, from Western Michigan University.
