SECTION A
AVERAGE **4.2**

SECTION B
OVERALL SATISFACTION **4.4**

takeaways

- A radiopaque resin-reinforced glass ionomer available in automix delivery
- Ergonomic dispenser allows for precise placement into prep
- With no etchant or adhesive required, there are fewer steps, which saves time
- Small filler particles allow for superb polishability and excellent esthetics
- Suitable for restoration of primary teeth, permanent Class III and V restorations, core buildups, and as a base or liner under composite restorations
