AVERAGE

4.5

SECTION B  
OVERALL SATISFACTION

4.5

## takeaways

- Simplifies open-tray implant impression technique by eliminating need for tray modification or custom trays
- Unique foil technology can be punctured when necessary but remains very durable
- Clear film improves visualization of treatment area
- Available in 3 sizes each for the maxilla and mandible (small, medium, large)
- Allows dentists to keep a tray in stock for quick and accurate impression taking
