An Acne Technology For Immediate Results

you are not **ALONE!**

Acne is the most common skin disorder. It affects both men and women of all races and often has deep emotional and psychological effects. Approximately 80 percent of all people between the ages of 11 and 30 suffer from acne with many continuing to have acne into their 40s and beyond.

TheraClear Acne Therapy is a Breakthrough Acne Treatment

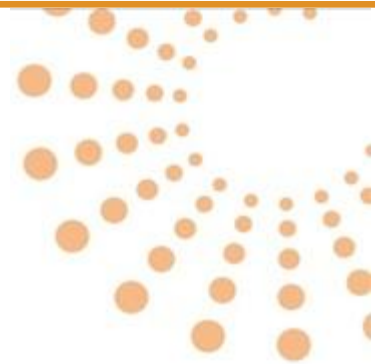

The TheraClear is a medical device combining a gentle vacuum with a painless therapeutic broadband light.

Therapy sessions are fast and take just ten minutes for a full face treatment.

Witness dramatic improvement in skin texture and a reduction in pore size.

Clears away sebum, dead skin cells and bacteria from deep within the pore.

See results immediately and resume activities immediately!

TheraClear Acne Therapy as Compared to Traditional Therapies

TheraClear gives you a better option over traditional therapies such as: Oral antibiotics, over-the-counter meds, Accutane, or painful laser treatments.

Faster Results.

Consistent Results.

Better Results.

No Problem with Antibiotic Resistant
P. Acnes Bacteria.

No Side-Effects and No Pain

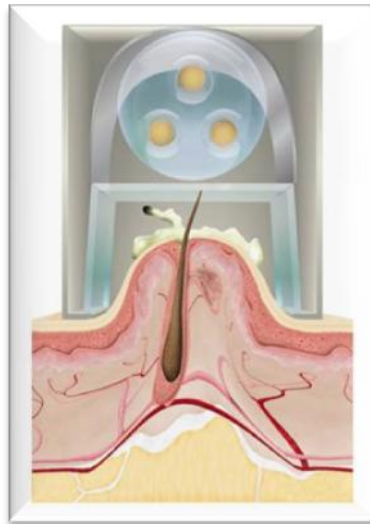

Traditional Therapies can still be used and
TheraClear will enhance pore penetration.

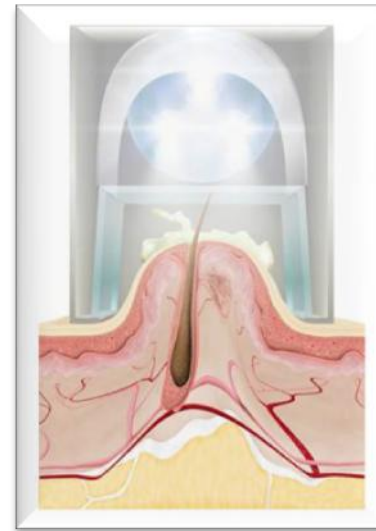

How Does the TheraClear Acne Therapy System Work?

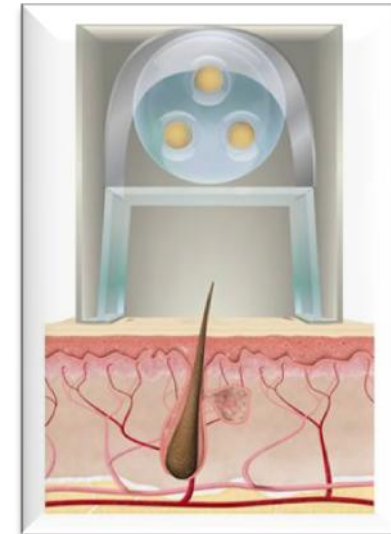

TheraClear hand piece makes full contact with treatment area

Pneumatics deep cleans pores by extracting build up of sebaceous material

Along with targeting heating of the dermis, the endogenous effect of light activates porphyrins to destroy *P. acnes* and reduces sebum production

Obstruction in the pilosebaceous apparatus is removed and skin normalizes

TheraClear is Right for Acne Treatment at Any Age and Any Skin Type
